

CrowdFiber
An NRTC Solution

OPEN

The “Unconference” User Event | September 6-9 | Lake Lanier Islands, GA

About

What is CrowdFiber Open?

[CrowdFiber Open](#) will take place **September 6-9, 2022** on [Lake Lanier Islands](#) outside of Atlanta, GA.

We call this an “unconference” because it is designed to be the opposite of a traditional tradeshow that bores you with never-ending powerpoints while everyone checks their work email and attends the occasional vendor exhibit.

During Open, attendees will spend most of their time interacting with each other. They’ll develop insights to gain more subscribers, increase revenues, and build their team’s efficiency and decision-making capabilities.

More than anything else, this is a time for users of the CrowdFiber software to brainstorm with other users. Bounce ideas off broadband providers across the country and get input for ways to improve your CrowdFiber application. During Open you’ll have direct access to all areas of the CrowdFiber team including: customer support, developers and the co-founder of CrowdFiber.

What kind of investment are we talking about?

We want everyone to be able to come, so we’ve made this “unconference” very affordable! **\$700 includes all meals, sessions and networking activities during the event.** All meals? YES!

- Dinner Tuesday
- Breakfast, lunch, and dinner Wednesday and Thursday
- Breakfast Friday

No need for an expense report 3 pages long with coffee, lunch, snacks and dinners. All meals and snacks are on us!

Attendees are only responsible for their (deeply discounted) hotel room ([here’s the link for our discounted block](#)) and travel expenses (if flying, the Hartsfield-Jackson Atlanta airport is your closest option). **For groups of 5 or more the price is discounted to \$650!**

Contact sara@crowdfiber.com to see if you qualify for additional discounts!

What Past Attendees are Saying...

"This un-conference was one of the best I have participated in. I loved the hands-on and interactive presentations."

"Learned a lot, and made valuable connections with peers. Well worth the time and cost to attend."

"Lots to learn about CrowdFiber. Does so much more than I realized. It's good to take the time and focus just on CrowdFiber. Relationships formed were also very important - with the staff as well as other attendees."

"Great Unconference and networking opportunities. It was great to hear all the amazing things other telcos are using CrowdFiber for to enhance their daily operations."

"Great job on the entire conference! The CrowdFiber staff were all very friendly and helpful, and the relaxed atmosphere made it easy to collaborate with others."
